

THE ONE Yacht & Design presents “Shared Worlds”

The Human Heart of the Creative Process. The Encounter between Yachting and Interior Design

On **June 3, 2025**, THE ONE Yacht & Design, through Platinum eXperience, will host “**Shared Worlds**”, an exclusive event hosted at Spazio Teatro IED Milano, the event venue of [IED – Istituto Europeo di Design](#), in Milan.

Dedicated to exploring the synergies between the **nautical and interior design industries**, the talk will feature two roundtables moderated by **Désirée Sormani**, Managing Director of THE ONE Yacht & Design. Each session will unite leading voices from top shipyards, renowned yacht designers, architects, and high-end furniture brands.

The event will also feature a curated **exhibition of iconic design objects**, showcasing the creative identity of participating brands and emphasizing the tangible intersections between residential design and life on board.

Program

2:00 PM — Registration

2:30 PM — Opening Remarks

- Giacomo Bertolazzi, Head of Design School – IED Milano
- Matteo Galbiati, CEO – Platinum Media Lab S.r.l.

2:45 PM — Introduction

- Simone Micheli, Architect, Brand Ambassador of THE ONE Yacht & Design

3:00 PM — The Circularity of Space

Moderated by Désirée Sormani

The rules of residential and hospitality décor have come aboard the most prestigious yachts. Designs are increasingly human-centred, with outdoor and indoor spaces ever more interconnected, and furnishing solutions that are versatile and focused on the well-being of the owner and their guests. What are the demands from shipyards? What are the designers' visions? And how can Made in Italy companies respond to this trend with elegant, innovative, and bespoke solutions?

Speakers:

- Arch. Francesca Muzio, Founder – FM Architettura
- Arch. Chiara Massarani, Partner – ACPV Architects
- Guido Orsi, Sales and Marketing Manager – Tankoa Yachts
- Federica Cantori, Marketing Manager – Cantori S.p.A.

4:00 PM — Coffee Break

4:30 PM — The Benefits of Light

Moderated by Désirée Sormani

Natural light is one of the most important elements for onboard well-being. Large windows ensure bright interiors, much like in contemporary architecture. Artificial lighting contributes to the emotional experience through bespoke lighting design concepts that impact psychological and physical wellness. What is the vision of shipyards regarding the specific demands of owners? How does the designer respond, and with which technologies?

Speakers:

- Francesco Paszkowski, Founder – Paszkowski Design
- Arch. Roberto Palomba, Co-founder – PS+A
- Marco Valle, CEO – Azimut Benetti Group
- Valentina D'Agata, Business Development Manager – Altraluce International S.r.l

5:30 PM

- Simone Micheli: "My vision of the yacht: between design and dreamlike experience"

5:45 PM — Q&A and Closing Remarks

Followed by networking aperitif

Sponsors: Alias, Altraluce, Cantori, Carimali, Edilfare Piscine, Matteo Tampone, Teckell, Binari Design

An invitation-only event designed to foster dialogue, cross-sector collaboration, and future opportunities.
